Planned Network Change(s) Will Occur at the Following Area:

McNabb Telephone Company Service Exchange Area

Locations - Retirement of copper network facilities in the area listed in Exhibit A

Description of the Planned Network Change(s):

McNabb Telephone Company intends to retire all copper facilities in its serving area. McNabb Telephone Company has deployed its fiber-to-the-home network in their entire serving area and will be retiring all copper facilities. ADSL services have migrated to Fiber based broadband services.

Description of Reasonably Foreseeable Impact(s) of the Planned Change(s):

After the retirement of the copper facilities, McNabb Telephone Company (1) will no longer offer services over copper facilities; and (2) cease maintaining the copper facilities. These retirements will have no impact on the services provided to the retail customers served by the copper facilities that will be retired. Further, there will be no changes to rates, terms, or conditions of services offered to retail customers for either voice or internet access services.
